- 7.) Stainless Steel Bolts throughout will not rust
- 8.) Entrance Ladder features non-slip steps
- 9.) Safety Rails included on all entrance ladders
- 10.) Decking & Rock Wall feature wood grain texture for increased traction

About our Play Structures

We at Shed Happens, Inc. use a Wolmanized Natural Southern Select Yellow Pine. This is a non- arsenic based wood that is effective against termites and fungal decay, both above and below the ground. Natural Select is very much like traditional treated wood, it is greenish in color and is produced by pressure treatment. It is odorless and clean to touch. It undergoes a chemical fixation reaction which bonds the preservative to the wood. It is non corrosive to metal hardware and fasteners. This is a great choice for playground equipment, outdoor furniture, decks, patios, garden and landscape structures. For more information WWW.NaturalSelect.com

Customers Responsibility

Site must be prepared and accessible. We are not equipped to move trees, shrubs, trash, or fences. There will be an additional charge for having to return because of inaccessibility. For safe play space allow at least six feet more on all sides. Your Outdoor Play System is constructed of Wolmanized Natural Select Southern yellow Pine, Shed Happens, Inc recommends that all wood parts be given an application of water sealant to protect it's smooth finish and natural beauty.

Please feel free to draw a diagram of your property to share with our w

Warranty

All products are guaranteed for two years against manufacturer's workmanship. Vinyl, Lumber & Poly Decking all carry a lifetime warranty against decay & termite infestation that would make the material structurally unfit for the application for which it was intended. No other warranties of merchantability are made by the manufacturer.
